**Memorandum**

April 8, 2008

To: Fauquier County Fire and Rescue Chiefs

From: Nasser Sitta, OMD 

Subject: EMS Protocol Rollout Class

As you know the EMS Protocol Rollout classes have been offered throughout the county for the last three months. The new EMS protocols should be implemented soon. Many providers have completed this required training; however all providers must complete this training in order to continue practicing in Fauquier County. Please make sure that the providers in your department have either had the class or are registered to attend a class. Listed below are dates for EMS Protocol Rollout classes.

- 4/9/2008 Remington 1900 hours
- 4/15/2008 Marshall Rescue 1900 hours
- 4/22/2008 EMS Station 1 1900 hours

Once the protocols have been implemented any provider that has not completed the class will not be allowed to practice. I am requesting each department to provide me a list of their providers and indicate whether or not they attended a class or are registered for one.

If you have any questions please feel free to contact me.
